Nazi Germany, officially known as the German Reich until 1943 and Greater German Reich from 1943 to 1945, was the German state between 1933 and 1945, when Adolf Hitler and the Nazis controlled the country which they transformed into a dictatorship. Under Hitler's rule, Germany quickly became a totalitarian state where nearly all aspects of life were controlled by the government.

The historiography of the British Empire refers to the studies, sources, critical methods and interpretations used by scholars to develop a history of Britain's empire. Historians and their works are the main focus here; specific lands and historical dates and episodes are covered in the context of the British Empire. Scholars have long studied the Empire, looking at the causes for its ...

Bicultural identity is defined as one adapting to the global culture while simultaneously being familiar with local traditions. As a result, two identities are formed: global identity and local identity. One's global identity allows for him/her to participate and succeed globally by being able to relate to those outside of his/her local sphere.
